BUCKHEAD'S
Restaurant Chop House

– OUR WINE PROGRAM –

Buckhead's opened in 1994 with the goal of becoming Richmond's premier steakhouse. From the outset, we've considered wine an integral part of the dining experience, and its availability has always been an essential facet of our service. We recognize in wine an opportunity to build variety into a program driven by a highly traditional menu, and what debuted as a modest assembly of French and American classics has expanded over the years to include more than 800 items with origins spanning the globe.

We've maintained a particular focus on the rich, full-bodied reds most traditionally associated with our brand of cuisine, but we've also embraced significant departures from this archetype, creating a diverse collection that encompasses a wide range of flavor profiles and viticultural philosophies. This collection is stewarded by dedicated and professional waitstaff, many of whom enjoy several years of experience navigating our cellar, and each of whom is eager to assist in meeting your needs. Whether you're seeking the comfort of an old favorite or the excitement of a foray into unfamiliar territory, polished service and knowledgeable guidance are assured.

That wine, wrought from such limited raw materials, can be coaxed into infinite permutations at the intersection of craftsmanship and fortune is part of what makes the product such an enduring cultural phenomenon. We invite you to engage with this tradition. The breadth of our selection is a call to explore. Whatever you choose this evening, it is our sincere hope that just as in every bottle the ambitions of the winemaker and the vicissitudes of nature converge to create an inimitable expression, so too may the bounty of the table, the warmth of the company, and the grace of the hospitality converge to furnish an inimitable experience.
